A ministry of Hope International Missions

October, 2021

Dear Friends,

- Tokyo20+1: The distribution in Japan is successfully completed! 402,632 books were distributed from one end of Japan to the other, in 45 of the 47 prefectures of the country. In addition, 2,000 books were sent here to be used in promotion. Total printed books is 404,632.
- Now we are watching and praying to see how the Lord blesses the efforts with the Brazilian Bible Society and the ebook version of “Tokyo.” I’m asking the Lord for, at least 600k downloads to make up the 1,000,000 books for the project.

- The Biker Project: The books arrived in good time and we had a great time and good reception! We had a total of 15 hard-working people on the distribution team. We started with eight and a half pallets (100,000) of beautiful books titled, “Chains.” When the last day came to a close, we had 2/3 of a pallet left. These remaining will be distributed at the Leesburg, Florida bike rally in November. Praise the Lord!!!

- World Cup in Qatar: Today it’s 417 days until the 2022 World Cup begins! With other projects finishing up, we have started researching material for the books. How many languages and countries shall we do? God’s plan is what we must know. Please help us pray!
- Frankfurt Book Fair: Planned for October 20-24. We plan to be at this important event for spreading the Gospel. Please join me in praying that this fair is a huge blessing and leads to millions of books bearing the Good News of salvation!

God has lots of good things in store and doors are open! For many people, times are difficult. If we can only work when “everything is in order,” then no one will ever hear the Good News. I am determined to be busy doing whatever I can. Blessings on you,

Joe & Gay Taylor
