

November 2025

Happy Thanksgiving from Gospel Publishing Mission! We are grateful for God's many blessings for the literature ministry and in our personal lives.

Rome Update

A team of four (Duttry's & Scopelati's) spent several days in Rome and other Italian cities sharing the Good News with the Hope books. They were also able to help with shifting some books around to different locations to help our local partners. God is working!

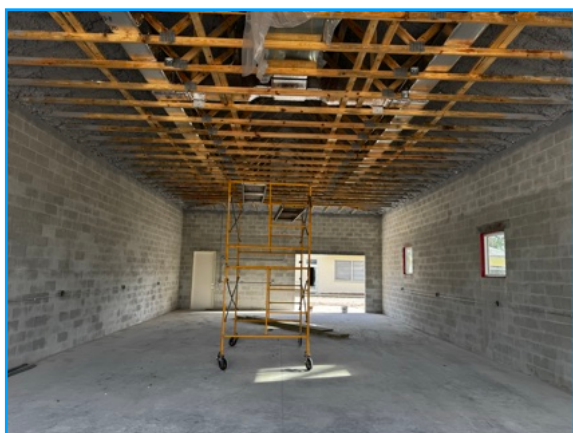

Christmas Book

Other than having a few sample copies printed, we have postponed the first Christmas book project until Christmas 2026.

Mexico City Project

The files are complete and have been sent to the printer. The team is ready and preparing to go... first part of December. We are believing God to send the necessary funds for the printing and other expenses.

GPM Storage facility

Progress continues!

Praise God for the fact that He is **always** good and faithful, even when he allows our schedules and plans to be changed. My (Joe) recent early diagnosis of cancer changed my travel plans for the Frankfurt Book Fair in Germany and the Mexico City project. The Lord willing, I begin a 28-day treatment plan on November 17. Prayers are appreciated! God is GOOD...always!

God Bless!

Joe & Gay
